

5 + 5 Good Ideas about Treaty Application

PROCESS

1	Be a reflective practitioner	especially in relation to 'mistakes'
2	Learn from what you already know about relationships	
3	Recognise that people are in different places for good reasons	'the wave'
4	Keep everyone involved – at some level	
5	Set a realistic pace – it's an on-going journey	'trail-blazing' vs 'learning from others'

PRACTICE

1	Be clear about Treaty – colonisation distinction	
2	Have a group with specific responsibility	
3	Education is necessary but not an end in itself	
4	Make Treaty application a line item in the budget
